ART ACTIVITY
Lux and his fellow Light Hunters, Ester, Fera and Brace, have a big job to do, defending their world from Monsters. Brace has lots of drawings of them plastering his walls.

We know what some of them look like:
• the Monster spawn that attacks Maya is a shark-like creature with a spiked head and razor-sharp teeth and claws.
• the Cerberus they fight is as big as a house, has three heads and glowing red eyes.
CREATE YOUR OWN MONSTER

What do you think the other monsters look like?

Artello,

Lux has progressed at a speed I could never have imagined. His power is unique. If what you said in your last letter is true, we cannot let Deimos get his hands on him. You must send someone to get him. I am no longer sure I can protect him.

Sincerely,
Ben Dowd.

What do you think Artello said to Ben in his last letter to prompt this reply?
Dear Ben,

How are you - and how is Lux?

Sincerely,
Artello Nova
